Provider No: 321718A

Assistance at your operation

Your surgical assistant is Mr Sam Wong, a specialist neurosurgeon. He is invited by Mr D'Urso to assist him at your operation to provide expertise not available from general assistants.

The fee for surgical assisting is 20% of that charged by the surgeon, Mr D'Urso. The level of 20% follows the guideline set by Medicare. After rebate from Medicare and your private health fund there will be an out of pocket amount in most cases.

Payment may be made by cheques or postal orders. There is no credit card payment facility available.

Fee Reduction

If your private health funds participate in the "Known Gap" system the out of pocket cost may be reduced subject to certain conditions. Please contact Mr Wong for details prior to the operation.
